				Nursery Representative	✓

For Decision

1. Purpose of Report

- 1.1 This report seeks approval for Dedicated Schools Grant (DSG) funding to be held centrally to support specified services.
- 1.2 The information contained within this report is based on the ESFA document Schools revenue funding 2018 to 2019 operational guide and the DfE document Central school services block national funding formula: technical note both published in September 2017.

2. Recommendations/Actions/Decisions for Schools Forum

Schools Forum is asked to:

- 2.1 Note this report.
- 2.2 Approve individually the following budgets from the Central School Services Block for 2018-19:
- 2.2.1 Admissions budget £476,533
- 2.2.2 Schools Forum budget £30,730
- 2.2.3 Prudential Borrowing budget £1,566,685
- 2.2.4 Local authority's statutory functions for all schools budget £1,360,000
- 2.3 Agree the delegation of the Union Facilities Duties budget £64,400 to all schools for 2018-19
- 2.4 Note the budget of £452,029 for government arranged licences.

3. Background

3.1 The Dedicated Schools Grant (DSG) has been expanded to four blocks. Originally DSG consisted of the Early Years, Schools and High Needs blocks with the fourth Central School Services block being introduced from 1 April 2018. On 14 September DfE confirmed the funding arrangements for the central school services block. This block has been created by transferring from the Schools Block the resources relating to a number of central budgets in respect of historic commitments and on-going local authority (LA) responsibilities and the retained duties element of the Education Services Grant (ESG), funding for duties which the LA holds in respect of all schools.

3.2 Historic commitments allocation is currently guaranteed at its 2017-18 level while the on-going responsibilities are likely to be increased by about 2.5%, as per provisional figures issued, while final allocations for 2018-19 are to be confirmed in December 2017 using the formulaic approach outlined in paragraph 3.4 below.

3.3 The provisional funding for Central School Services block is summarised

Historic Commitments 2017-18	£	£
Prudential Borrowing Costs	1,566,685	
Union Facilities	64,400	
	<u> </u>	1,631,085
On-Going functions 2017-18		
Admissions	476,533	
Schools Forum	30,730	
Licences negotiated by SoS ¹	452,029	
Contribution to responsibilities that LA holds for all schools (ESG retained functions)	1,360,000	
	<u> </u>	2,319,292 ²
Total £		<u> </u> 3,950,377

3.4 From 2018-19 onward, local authorities will receive funding based on a formulaic calculation where 90% is based on per pupil amount and 10% on a deprivation factor. To this total an Area Cost Adjustment percentage (based on the general labour market rate) will be applied. Indicative calculations estimate that the local authority may receive a further £58,000 against increased costs of its on-going functions.

3.5 In respect of funding held within the Central School Services block, excepting licences, Schools Forum approval is required each year. As Licences have been arranged through the Secretary of State for Education Schools Forum approval is not required but Forum are to be

¹ Secretary of State for Education

² Provisional increase for 2018-19 £58,000

consulted. This is a similar approval process as undertaken in previous years involving the Schools Block (see Schools Forum paper 5b 1 December 2017).

4. Decisions to be Agreed Concerning Central School Services Block Funding

- 4.1 The services summarised below have the same budget proposals compared with current 2017-18 financial year. This is consistent with the principles of the Operational Guidance that these budgets, other than expenditure on Admissions and servicing cost of Schools Forum cannot exceed the previous funding period's value and no new commitments of these types can be entered into. Each of these budgets is to be approved by Schools Forum.
- 4.2 Schools Forum is asked to approve the central retention of the Admissions budget £476,533. This expenditure is incurred as required in section 9 of Schedule 2 of The School and Early Years Finance (England) Regulations 2017 that is "Expenditure on the operation of the system of admissions of pupils to schools (including expenditure incurred in carrying out consultations under section 88C(2) of the 1998 Act(b)) and in relation to appeals".
- 4.3 Schools Forum is asked to approve the central retention of the Schools Forum budget £30,730. This expenditure is incurred as required in section 12 of Schedule 2 of The School and Early Years Finance (England) Regulations 2017 that is Expenditure in connection with the authority's functions under section 47A of the 1998 Act (establishment and maintenance of, and consultation with, schools forums).
- 4.4 It is proposed that the Union Facilities Duties budget of £64,400 is delegated to all schools in 2018-19 and is the subject of a separate Schools Forum paper.
- 4.5 Schools Forum is asked to approve the central retention of the Prudential Borrowing budget £1,566,685. This budget relates to considerable borrowing entered into over a 25 year period. The funding was made available to accelerate school buildings repair and maintenance work programme.
- 4.6 Schools Forum is asked to approve the retention by the centre of the budget of £1,360,000 and held to meet the local authority's statutory functions it holds for all schools and pupils. The functions met from this budget were previously referred to as the Education Support Grant's retained duties.
- 4.7 Although no formal approval is required members are advised that the Central School Services block includes a budget of £452,029 in respect

licences negotiated centrally by the Secretary of State for all publicly funded schools.

- 4.8 Although it may be prudent not to anticipate any additional funding (possibly the £58,000 referred to above) into this Block for 2018-19, the guidance indicates that the local authority may deploy any additional against additional costs incurred in the Admissions and Schools Forum budget, meet any increase in the nationally determined licenses cost and apply additional funds against the “Contribution to responsibilities that LA holds for all schools” due to increased pupil numbers.

5. Conclusions

This paper provides detail of areas where Schools Forum approval is required for central schools expenditure for 2018-19 from the Central Schools Services Block of the DSG.

6. Background Documents

- 7.1 Schools revenue funding 2018 to 2019 operational guide – September 2017
7.2 Central school services block national funding formula: technical note – September 2017
7.3 Early Years and School Finance Regulations 2017
7.4 Historic Commitments/Centrally Held Funding from DSG 2017-18
