Determined Fair Access Protocol for Oxfordshire

2018/19 and 2019/20
Introduction

1. The purpose of the Fair Access Protocol is to ensure that outside the normal admissions round, unplaced children, especially the most vulnerable, are found and offered a place quickly, so that the amount of time any child is out of school is kept to the minimum.

2. The School Admissions Code requires every local authority to have in place a Fair Access Protocol. The Fair Access Protocol for Oxfordshire applies to all state funded mainstream schools in Oxfordshire and is consistent with the requirements set out in paragraphs 3.9 to 3.15 of the Schools Admissions Code 2014, the non-statutory guidance published by the Department of Education in November 2012, the Education (Pupil Registration) (England) Regulations 2006 (as amended in 2016) and the School Standards and Framework Act 1998.

3. The Schools Admissions Code 2014 requires all admission authorities of state funded mainstream schools to participate in the Fair Access Protocol to ensure that unplaced children are allocated a school place quickly. There is no duty for local authorities or admission authorities to comply with parental preference when allocating places through the Fair Access Protocol.

4. The published guidance from the Department of Education sets out a clear expectation from the Secretary of State that all state funded mainstream schools and local authorities should work together to identify a school place for those children who have had difficulty finding one.

5. When reviewing a request to direct admission to an academy, the Education and Skills Funding Agency will act on behalf of the Secretary of State to consider whether due process has been followed in applying the provisions of the Fair Access Protocol.

Principles

6. The Fair Access Protocol is binding on all state funded mainstream schools in Oxfordshire.

7. The arrangements regarding the admission of students above the published admission number only apply to mainstream state funded schools and not to establishments providing alternative provision or to special schools.
8. When making placements the Fair Access Panels will consider any special circumstances that may apply, including the need to avoid or minimise transport costs.

9. There is no duty to comply with parental preference when allocating places through the Protocol but it is expected that the wishes of a child’s parents will be considered. Discussions around the reasons why schools would be unacceptable to the family are more helpful to the process than the preferred schools.

10. When seeking to place a child under the Protocol, all schools will be treated in a fair, equitable and consistent manner.

11. The Fair Access Protocol only applies when a child is unplaced and is not on a school roll. (They may be on a short-term placement in alternative provision paid for by the Local Authority). The process cannot be used to circumvent the normal in-year admissions process. A parent can apply for a place as an in-year admission at any point and is entitled to appeal if a place cannot be made available.

12. An application to the Secretary of State to direct a child’s admission to a specific school will only be made as a last resort.

13. Any child without a school place is the responsibility of the Local Authority up until the point at which they are taken on roll at a school.

14. The Fair Access Protocol is not applicable to admissions made through the normal admissions round for primary, junior or secondary schools and cannot be used where this would involve contravening the regulations on the size of infant classes.

15. The Fair Access Protocol will not be used to require a school to automatically admit another child with challenging behaviour in the place of a child excluded from that school, although there is the principle agreed to share equally, throughout Oxfordshire schools, pupils presenting with challenging behaviour.

Children covered by the Protocol
16. The Fair Access Protocol may be used for the placement of children who fall within the following categories if these pupils are not on a roll of a school and need a place:

a) children from the criminal justice system or Pupil Referral Units or alternative provider academy who need to be reintegrated into mainstream education;

b) children who have been out of education for two months or more;

c) children who have been electively home educated who require school placement because county admissions have been unable to identify a school who will admit them.

d) children of Gypsies, Roma, Travelers, refugees and asylum seekers;

e) children who have been out of education for two months or more;

f) children who are homeless;

g) children with unsupportive family backgrounds for whom a place has not been sought;

h) children who are carers;

i) children with special educational needs, disabilities or medical conditions (but without a EHCP);

j) permanently excluded children;

k) children who have been permanently excluded and an independent review panel has directed a governing body to reconsider the exclusion but the governing body decides not to reinstate the pupil;

l) those children whose parents have been unable to find them a place after moving to the area, because of a shortage of places;

m) those children who have been refused a place at a school because they are believed by the school concerned to be challenging  

Monitoring of the Protocol

17. The Local Authority is responsible for the fair administration of this protocol after it is agreed with schools following consultation. The Local Authority will work with schools ensuring the protocol is adhered to and quality assuring the process.

---

1 Challenging behaviour will normally be defined as:

a) serious criminal behaviour resulting in a conviction or a police caution within the previous two years preceding the request for a school place; and/or,

b) behaviour resulting in a significant number of fixed term exclusions (or alternatives to exclusion eg. internal exclusion managed within school, academy or locality) from which it is clear that the child is at serious risk of permanent exclusion within a period of at least one year preceding the request for a school place; and/or,

c) behaviour resulting in a permanent exclusion within the last two years preceding the request for a school place.
18. Education Inclusion Officers will monitor the placements under the protocol ensuring children are placed on roll and start at the named school in a timely manner. They are also responsible for ensuring record keeping is accurate.

19. If a school appeals the placement of pupils through the Fair Access Process, the Admissions and Transport Service Manager will seek to resolve them through contact and negotiation with the relevant school, service or panel. Any issues regarding applying the Protocol will be identified in the annual report to the Schools Adjudicator.

Publication and Review

20. The Fair Access Protocol will be published on the admissions page of the Oxfordshire public website and will form part of the admission arrangements for all state funded mainstream schools in Oxfordshire.

21. Any changes will be reviewed by schools through a consultation. The annual review of the Protocol will take place for at least 6 weeks between 1 October and 31 January. The proposed document for consultation will be found on the Oxfordshire County Council Consultation Portal. The consultation will be highlighted in Schools News and at the In Year Fair Access Panel meetings. The Admissions and Transport Services Manager will be responsible for undertaking the review, reporting the outcome to schools and councillors and submitting the Protocol for approval to the Director of Children’s no later than 28th February 2019 and every year subsequently. The next annual review of the Protocol will take place for at least 6 weeks between 1st October 2019 and 31st January 2020.

22. Requests for places for looked after children, previously looked after children and children with an Education Health and Care Plan will not be referred to the Fair Access Panels.
24. In accordance with legal requirements children who have an Education Health and Care Plan\(^2\) that names a school will be admitted to that school.

25. Oxfordshire County Council may direct own admission authority schools, including academies, to admit a child if that school is named in the Education Health and Care Plan. This is the case even if the school concerned is in the administrative area of a different Local Authority.

26. Similarly children who are looked after\(^3\) by a local authority within the meaning of section 22 of the Children Act 1989 at the time of their application and previously looked after children will always be admitted.\(^4\) The term “previously looked after children” refers only to children who were looked after but ceased to be so because they were adopted (or became subject to a child arrangements order\(^5\) or special guardianship order\(^6\)).

27. Proposals to place children with an Education Health and Care Plan at a school outside the normal admissions round will be the subject of a formal consultation with the relevant school. Following the consultation, if the responsible Local Authority decides a place is still required it will be made available by the school concerned.

28. Looked after children and previously looked after children will be placed promptly through the in-year admission arrangements. If this is not possible, or when a school placement needs to be arranged as an emergency measure, a formal consultation will be held.

---

\(^2\) An Education, Health and Care plan is a plan made by the local authority under Section 37 of the Children and Families Act 2014 specifying the special education provision required for that child.

\(^3\) A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school.

\(^4\) This group includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see section 46 adoption orders).

\(^5\) Under the provisions of s.14 of the Children and Families Act 2014, which amend section 8 of the Children Act 1989, residence orders have now been replaced by child arrangements orders.

\(^6\) Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child’s special guardian (or special guardians).
consultation will take place with the school identified as the best placement for the pupil.

29. In the case of looked after children for whom Oxfordshire County Council is responsible the Virtual School will approach the Admissions Team to check the availability of school places and to establish the distance from the child’s placement to local schools. The social worker will then contact the Virtual School for advice on the provision available at the schools being considered. After considering the advice received the social worker will complete an application form for a school place and submit the form to the Admissions Team. The Admissions Team will then write to the school to request a place. The school will then respond within 7 school days.

30. Once a place has been offered to a looked after child, or previously looked after child, and the place has been formally accepted (or the child is already on roll) it is open to the school concerned to raise issues such as requests for funding with the Virtual School.

31. If a looked after child, or previously looked after child, is refused a place by an own admission authority school as part of the normal in-year admission process the Local Authority will consider the reasons given by the school. If a place is still needed the Admissions and Transport Services Manager will carry out a formal consultation on the proposed admission. The formal consultation will last for 7 calendar days from the date of the letter opening the consultation. The Local Authority will then consider the response. If the relevant school is unwilling to offer a place the Local Authority may direct admission to an own admission authority maintained school, or in the case of academies and free schools, it may be request a direction from the Education and Skills Funding Agency (which in these matters acts on behalf of the Secretary of State).

32. The Local Authority is the admission authority for community and voluntary controlled schools. Therefore, for these schools, places would normally be made available for looked after or previously looked after children through the in-year admissions process. Where difficulties arise, the Local Authority will formally consult with the school for a period of 7 calendar days. At the end of this period the Local Authority will then decide whether to place the child on the roll of the school.
Fair Access Panels

Membership

33. For secondary schools the Fair Access Protocol will be applied through Fair Access Panels. If any area panel ceases to operate its functions will be taken over by the Admissions and Transport Services Manager and one of the Education Inclusion Officers.

34. All state funded secondary schools will have a representative on the Fair Access Panel that serves the relevant secondary school’s area. They are all voting members. All school representatives must be empowered to make decisions at the Panel meetings and be able offer places. There will be no voting by proxy.

35. In addition, each Panel will include members of the Local Authority including the Admissions and Transport Services Manager (or representative) and one Education Inclusion Officer.

36. A representative from alternative provision relating to pupils being discussed at the panel will be a non-voting member of the Fair Access Panel.

37. The Chair of each Fair Access Panel will by a representative of the Local Authority.

38. If the Chair is unable to attend a Fair Access Panel, a temporary Chair will be elected for that meeting by the voting members of the Panel.

39. The following schools are represented on the North Fair Access Panel:
   a) Wykham Park;
   h) Space Studio Banbury;
   b) The Bicester School;
   c) Blessed George Napier School;
   d) The Cooper School;
   e) Heyford Park Free School;
   f) North Oxfordshire Academy;
   g) The Warriner School;
   i) Bicester Technology Studio.

40. The following schools are represented on the West Fair Access Panel:
a) Bartholomew School;
b) Burford School;
c) Carterton Community College;
d) Chipping Norton School;
e) Henry Box School;
f) The Marlborough School;
g) Wood Green School.

41. The following schools are represented on the Central Fair Access Panel:
a) Cheney School;
b) Gosford Hill School;
c) Matthew Arnold School;
d) Oxford Spires Academy;
e) The Cherwell School;
f) The Oxford Academy;
g) St Gregory the Great VA Catholic Secondary School;
h) Wheatley Park School.

42. The following schools are represented on the South Fair Access Panel:
a) Didcot Girls’ School;
b) Chiltern Edge School;
c) Faringdon Community College;
d) Fitzharrys School;
e) Gillotts School;
f) Icknield Community College;
g) John Mason School;
h) King Alfred’s School;
i) Langtree School;
j) Larkmead School;
k) Lord Williams’ School;
l) Wallingford School;
m) St Birinus (Boys) School;
n) University Technical College Oxfordshire;
o) Aureus School;
p) Europa School UK.
Fair Access arrangements for primary schools currently not covered by a Fair Access Panel

43. In any area not covered by a local Fair Access Panel (currently all primary schools) the functions of the Fair Access Panel will be undertaken by the County Primary Fair Access Panel. This will be composed of the Admissions and Transport Services Manager, one Education Inclusion Officer, one representative primary head teacher and other officers of the Local Authority as appropriate.

44. All those present at the Primary Fair Access Panel will have the right to discuss each case and, if necessary, vote on a suitable placement. The Chair will be the Admissions and Transport Services Manager who will have the casting vote in the event of a tied decision.

45. The Panel will be quorate if the Admissions and Transport Services Manager and one Education Inclusion Officer are present.

Establishing a Fair Access Panel covering a primary partnership

46. Where a primary partnership/group of primary schools would like to set up a Fair Access Panel to cover the primary schools in its area the Chair of the group should apply in writing to the Admissions and Transport Services Manager.

47. Any primary partnership/group of primary schools that establishes a Fair Access Panel with the LA will need to follow this Protocol.

48. As a minimum, the Local Authority’s Admissions and Transport Services Manager, or his representative, will be a voting member of any Fair Access Panel established by a primary partnership.

49. Servicing a Fair Access Panel established by a primary partnership will be the responsibility of that partnership rather than the Local Authority.

Referrals to Fair Access Panels

50. Referrals for consideration under the Protocol can be made by any state funded schools in Oxfordshire or by the Local Authority.

51. No referrals can be made by parents.
52. In any academic year, normally no more than 1 child per year group will be admitted above the Published Admission Number of a primary, infant, or junior school through the Protocol.

53. In any academic year those secondary schools with fewer than 900 pupils on roll would not normally be expected to admit more than 2 above the Published Admission Number in each year group through the Protocol. Those secondary schools with 900 or more pupils on roll may be expected to admit, in any academic year, up to 3 above the Published Admission Number in each year group through the Protocol. These figures are meant to be a guide to good practice and are not meant to be slavishly followed irrespective of circumstance.

54. The following secondary and all through schools are expected to have less than 900 pupils on roll in the period covered by the Protocol:

- Heyford Park
- University Technical College Oxfordshire
- Bicester Technology Studio
- Space Studio
- Carterton Community College
- Chiltern Edge School
- Langtree School
- Aureus School
- Icknield Community College
- Europa School UK

All the above schools had less than 900 on roll in the May 2018 PLASC.

Dates of Meetings

56. Fair Access Panel meetings will be agreed by each Panel by 1st April with the intention of all meetings being on Tuesday mornings (different weeks in the month) from September 2019. Dates will be circulated by the Education Inclusion Team.

57. If dates are changed during the year, the published programme will be amended and reissued.

Information to be provided prior to a meeting of the Fair Access Panel
58. Fair Access Panel referral forms should be sent to the Education Inclusion Officer following meetings/conversations within schools. The paperwork needs to be with the locality EIO at least 6 working days before the meeting. See Appendix 2 “Terms of Reference for the Meeting”.

59. Information sharing will be safe but accessible to panel members following the Information sharing protocol relating to the Fair Access Meeting. See Appendix 1 Information Sharing protocol.

60. There is no requirement to complete a referral form for those children who are without a school place unless the admission application form has not been received. These types of referral can only be made by the Local Authority.

61. All members of the Panel will be sent case details and a summary grid of pupils to be placed prior to the meeting of the Fair Access Panel. Paperwork will be sent to panel members at least 3 working days before the meeting.

62. The Education Inclusion Officers will hold information regarding individual school’s vulnerable admissions and ‘Ins’ and ‘outs’ of pupils placed through this Fair Access Protocol. Updates will be recorded prior to the meeting and shared with panel members. This document will be available to panel members to inform decision making.

63. If schools accept a vulnerable pupil through normal admissions they can formally lodge the pupil as a vulnerable admission by completing the relevant form and sending it to their area Education Inclusion Officer. This pupil must meet the criteria set out in the protocol for a vulnerable admission. The Education Inclusion Officer will update the vulnerable admissions ‘Ins’ and ‘Outs’ list. See para.74.

64. The Education Inclusion Officer will also bring to each meeting a spreadsheet relating to the school context highlighting information about cohorts of pupils to inform the panel’s decision making and voting about placement. Schools will be able to highlight cohorts of concern. This will be shared in the panel meeting to support decision making. Any updates to the data in the spreadsheet should be made to the Education Inclusion Officer before the deadline for the meeting.

**Transport Costs**
65. Possible placements that depend upon the provision of free transport will need to be cleared with the Admissions and Transport Services Manager prior to a referral being considered at the relevant Fair Access Panel.

66. No additional expenditure on taxi transport will be accepted without prior agreement by the Admissions and Transport Services Manager or his nominated representative.

**Considering cases**

67. The Fair Access Panel will consider previous admissions, group dynamics and transport implications before deciding a placement. They will consider advice from external agencies when appropriate (e.g. Police, Health, Social Care).

68. If a Panel is unable to decide on the most suitable placement for a child and that child is without a school place there will be a vote. All school representatives are voting members. There needs to be a majority vote by 1. If there is tied vote the Chair will have the casting, and therefore, deciding vote. However, if there is no school identified at the meeting the Admissions and Transport Services Manager will identify a suitable school and notify that school of the need to admit the child.

69. Whilst we operate 4 panels, all school representatives need to consider support for all pupils across Oxfordshire. At times this means pupils need to be considered at panel who are not from one of the schools in this area. Panel members will focus on the best provision for the pupil regardless of their location, working to ensure the pupil is placed quickly. In order to facilitate this the LA may direct a sending school to attend a different panel meeting to present a case. In very rare cases an extraordinary meeting maybe convened to address a particular issue in an area that affect schools across borders. This may be done through SKYPE if needed.

70. The Alternative provider will ensure that information about pupils informs decision making about the most appropriate placement.

71. Non-attendance at one or more meetings of the relevant Fair Access Panel will not preclude the school/schools concerned from being required to admit a pupil who needs to be placed under the Protocol.
72. If there is no school identified for a child by a panel, and there is still a need to place the child, the Admissions and Transport Services Manager will identify a suitable school. Having done this the Admissions and Transport Services Manager will notify that school of the need to admit the child and if the school refuses to admit the child he will then request a direction to admit from the Secretary of State or, in the case of a maintained school, direct admission.

Recording

73. The Education Inclusion Team is responsible for working with the clerk to ensure accurate minutes are taken at Fair Access Panel. The Admissions Team is responsible for recording the decisions of the Primary Fair Access Panel. The LA is responsible for quality assurance of the paper work relating to the panel. The chair of the meeting will work with the clerk to ensure paper work relating to that meeting is accurate and shared in a timely and safe manner.

74. The Education Inclusion Team will keep a register of those considered for a fair access placement (whether the move is agreed or not) and of those admitted and leaving schools under the Fair Access Protocol in the area covered by each Fair Access Panel. All the Education Inclusion Officer will provide this data to the Admissions and Transport Services Manager for inclusion in the Local Authority Report to the Schools Adjudicator.

Offers

75. In no more than 2 days after each meeting the Admissions Team will write to the relevant school/schools to confirm the agreement to offer a place under the Fair Access Protocol. Whenever possible, a prospective start date should be agreed at the meeting.

76. Schools must respond in writing within 7 calendar days to confirm agreement to offering a place through the Protocol.

77. The offer of a place will then be sent out by the Admissions Team to parents. The letter offering a place will specify a start date. This start date will either be the prospective start date agreed at the Fair Access Panel or 10 working days from the date the letter is sent out, whichever is the earlier.
78. Parents will be asked to confirm or reject acceptance of the place by responding to the Admissions Team rather than directly to the offered school.

79. Parents will have 7 calendar days to respond to the offer of a place. If parents fail to respond in writing, or to make direct contact with the school, the Admissions Team will need to be informed by the school. The Admissions Team will ensure every effort has been made to contact the family. The Admissions Team will in these circumstances refer the case, as appropriate, to the Children Missing Education lead or the attendance team for further action.

80. Pupils placed through the panel will be taken on roll from the date specified in the letter from the Admission Team offering a place or, in the case of own admission authority schools, offering a place on behalf of the Governors/Directors. A school may agree an earlier start date with the parents once the parent has responded to the Admissions Team (if the placement has been accepted). If a parent refuses to accept the offer of a place there may be a need to issue a School Attendance Order. If a School Attendance Order has to be issued the school offered through the Fair Access process will be the school named on the School Attendance Order.

81. When a child is added to the school roll, they will automatically be added to the attendance register.

82. On the day the pupil is expected to arrive at school, the Attendance Register should be marked in the normal way. If a pupil fails to appear and no explanation is provided, then an "N" should be used. This is only a temporary code and therefore should only be used until the reason for absence is confirmed by the parent. If no reason is given by the child’s parent the code should be changed to an unauthorised absence.

83. Children with attendance problems, or those for whom English is an additional language, will not, as a result of these attendance issues or language difficulties, be considered “challenging” under the Fair Access Protocol.

84. No child will be refused admission because that child has special educational needs since to do so would be unlawful.

85. In exceptional circumstances when a governing body receives a request for a place outside the normal admissions round and does not wish to admit the child with challenging behaviour, the case must be referred to the Admissions Team for action under the Fair Access Protocol. However, this will normally only be
appropriate where the school can provide evidence that it has a particularly high proportion of children with challenging behaviour or previously excluded children.

86. In the case of secondary schools, the UTC and studio schools the evidence presented must be accepted by a majority of voting members at a meeting of the Fair Access Panel. Where the Fair Access Panel accepts that the child should not be admitted to a school under this provision it will arrange an alternative placement which will normally be in another mainstream school. However, no other school will be offered through the Protocol if the child concerned does not live within Oxfordshire.

87. In the case of primary schools, unless they are part of a Primary Fair Access Panel, the role of such a panel will be undertaken by the Admissions and Transport Services Manager assisted by one of the Education Inclusion Officers.

88. If any of the Fair Access Panels cease to meet, until this is resolved, the functions of the Panel will be undertaken by the Admissions and Transport Services Manager assisted by an Education Inclusion Officer.

89. If a place has been refused on grounds of the child's challenging behaviour the parent will have a right of appeal to an independent admission appeal panel. The appeal process will take place within the timescales set out in the School Admissions Appeal Code.

90. Paragraph 3.12 of the School Admissions Code 2014 makes it clear that governing bodies cannot refuse to admit looked after children, previously looked after children and children with an Educational, Health and Care Plan naming the relevant school and refer their cases for consideration under the Fair Access Protocol. The School Admissions Code 2014 specifically states that children falling within these groups must be admitted.

Directions

The process for requesting that the Secretary of State direct an Academy to admit a child

91. Requesting the Secretary of State to direct an academy to admit a child will only occur when a local resolution cannot be found.
92. If the Secretary of State is asked to direct an academy to admit a child the request will be made by the Admissions and Transport Services Manager on behalf of the Local Authority.

93. The Education and Skills Funding Agency will act on behalf of the Secretary of State in considering whether due process has been followed in applying the provisions of the Fair Access Protocol.

94. In requesting a direction from the Secretary of State, the Local Authority will need to provide evidence that the provisions of the Fair Access Protocol have been applied in a fair and appropriate manner. The Local Authority must also set out the relevant academy’s reasons for refusal (assuming that these have been given) and the Local Authority’s response.

95. When seeking a direction from the Secretary of State the Local Authority will use the template provided by the Education and Skills Funding Agency.

96. On receipt of a request to direct, the Education and Skills Funding Agency will inform the relevant Academy that it has received a request for a direction and ask the relevant Academy for any evidence that has been supplied that shows the process has not been properly applied. The Education and Skills Funding Agency can be expected to give an academy 7 calendar days to respond.

97. When the Secretary of State is asked to consider a direction, the non-statutory guidance makes it clear that he can be expected to make a decision on the basis of the papers provided, taking into account:

- whether the local Fair Access Protocol has been applied appropriately;
- the arguments advanced by the relevant academy and the Local Authority;
- whether the Local Authority has considered the arguments for refusal;
- the Local Authority’s reasons for still considering the placement to be the appropriate;
- whether the establishment has been asked to accept a disproportionate number of children under the Fair Access Protocol compared to other local schools.

The process for directing a maintained school for which the Local Authority is not the admission authority when the school concerned refuses to accept a child
98. Directing a maintained school to admit a child following a decision made under the Protocol will only occur where a local resolution cannot be found.

99. Initially a letter will be sent from the Admissions Team stating that a place needs to be made available following a decision under the Protocol. Any maintained school approached in this way must respond to the Local Authority within 7 calendar days.

100. If the child concerned has been refused entry to, or permanently excluded from, every appropriate school within a suitable distance the Admissions and Transport Services Manager will then write to the school to inform the Governors and Head of the intention to direct admission.

101. The Governing body may appeal by referring the case to the Schools Adjudicator. The Governors have 15 calendar days within which to refer the case.

102. If the Schools Adjudicator does not uphold the direction the Adjudicator may direct admission to an alternative school.

103. If the Schools Adjudicator upholds the direction the child must be admitted to the school. The school will then need to agree a start date with the child's parents.

**Queries**

104. Queries regarding the operation of the Protocol should be directed to the Admissions and Transport Services Manager at:

   Admissions and Transport Services Manager  
   County Hall  
   New Road  
   Oxford OX1 1ND  
   Email: neil.darlington@oxfordshire.gov.uk

105. The non-statutory guidance on Fair Access Protocols can be obtained at:  

Appendix 1 – Information Sharing Protocol
