Approximately 1 mile (1.7 km)

TL= Turn Left FL = Fork Left BL = Bear Left
TR = Turn Right FR = Fork Right BR = Bear Right

1 TR off the Waterperry Road by the millennium wooden notice board as the road bends left. Go through a gate and follow the bridleyway straight ahead across a field to a gate in the far left hand corner. Take the track straight ahead, go through another gate, and follow along the left hand hedge in the next field.

2 After going through another gate and passing a thatched cottage on your left, look for a gate in the hedge on your left heading on to a well-walked path. TL through the gate and then TR along the path which leads to a brick arch known as Bow Bridge.

3 Cross the bridge, pass the delightful Mill House and BL to cross a paddock and a track and take a metal kissing gate straight ahead to join the village road in Waterstock.
