Subject: CONSULTATION PROPOSED MAIN MODIFICAITONS TO THE OXFORDSHIRE MINIERALS AND WASTE LOCATION PLAN

Dear Mr Day,

Can the following response be noted from Carterton Town Council relating to the consultation?

“Members of Carterton Town Council have considered the impact of the proposals and have the following concerns:

- The effect of additional heavy goods vehicle traffic that will be using the town’s roads as a result of the development
- The impact of the developments on the water table which could cause an increased risk of flooding for neighbouring parishes.”

Ron Spurs
Town Clerk

Dear Mr Day,

Thank you for your e mail.

The Council’s comments relate to the proposed work around Bampton and Clanfield.

Thank you

Ron Spurs
Town Clerk.
