2(a) State which part of the Oxfordshire Minerals and Waste Local Plan Core Strategy you are making a representation about

Part or policy no. or paragraph

| |
|----------------|
| Whole document |

2(b) Do you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is: (tick as appropriate)

- (i) Legally compliant? Yes No
- (ii) Sound? Yes No

If you have answered **No** to question 2(b)(ii), please continue to question 2(c). In all other cases, please go to question 2(d).

2(c) Do you consider the Oxfordshire Minerals and Waste Core Strategy is unsound because it is not: (tick as appropriate)

- (i) Positively prepared
- (ii) Justified
- (iii) Effective
- (iv) Consistent with national policy

On the following pages, please set out why you think the Minerals and Waste Local Plan Core Strategy is legally non-compliant and/or unsound and any changes you are suggesting should be made to it that would make it legally compliant or sound.

Please note your representation should include as succinctly as possible all the information and evidence necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on your representation at this stage. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

2(d) Please give details of why you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is not legally compliant or is unsound. Please be as precise as possible.

~~If you agree that the Oxfordshire Minerals and Waste Local Plan Core Strategy is legally compliant and/or sound and wish to support this, please also use this box to set out your comments.~~

I have seen the Gardner Representation produced by Gardner Planning on behalf of OXAGE and fully support the points made.

I am outraged that OCC were happy with a much lower LAA this time last year (produced by experts hired by campaign groups), but then hired different consultants who, using spurious and circular arguments, produced a figure nearly 50% higher at the turn of the year. OCC then managed to consult mineral producers on the LAA but deliberately failed to consult the public at large.

I find it objectionable that OCC have abandoned the 10-year average methodology when it hired its own new set of consultants who produced the much higher LAA that is completely out of step with the 10-year average.

There is also a circular argument in OCC's plan which makes it non-compliant with government guidelines (the NPPF): OCC argue that they can leave site allocations until a later stage but at the same time indicate, without any formal supporting evidence, that the preferred area for allocations will be south Oxfordshire. In fact, they are obliged to indicate potential sites and to set out formal evidence as to why each site has been chosen.

2(e) Please set out the changes(s) you consider necessary to make the Oxfordshire Minerals and Waste Local Plan Core Strategy legally compliant or sound, having regard to the reason you have identified at 2(c) above where this relates to soundness. You should say why this change will make the Core Strategy legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I shouldn't have to tell you your job. ie Rewrite the Document after following the correct legal procedure and consultations!
