Hello Suzi

We have put all the required proposed submission documents on the website but there are some other documents that we have not yet got in a publishable form, including a preliminary waste sites assessment. I hope we will have this available very shortly.

Hi Peter

I've been downloading the submission documents from the website, but I can't seem to find the topic papers or preliminary assessment of waste sites, as discussed previously as per emails below. Could you let me know where I can find them? Or if you could forward them to me that would be great.

Thanks
Suzi

The statement at para 7.31 of the draft of the Core Strategy Proposed Submission Document that went to the March 2015 Council meeting will be the case when the plan is published. Whilst we have done the work, the preliminary assessment of sites is not yet in a publishable form; we will let you have it as soon as we can.

Hi Peter

That would be great if you could forward it as soon as available - thanks.

Could you also forward the topic papers, when available.

I also note from paragraph 7.31 of the March 2015 Core Strategy Proposed Submission Document that a preliminary assessment of sites has already been prepared. I would be very grateful if I could receive a copy of that.

With best regards
Suzi

We have not completed drafting of the Council's responses yet; this will be available when we publish the Core Strategy and if it is ready sooner I will send it to you.

Regards

Peter.

Dear Peter

Many thanks for that.

I note that the summary of consultation responses, does not include the Council's response to the representations received on the Feb 14 draft - sorry I omitted to make reference to that in my earlier request. I would be very grateful if you could send that through, too.

Best regards

Suzi
