### 2(a) State which part of the Oxfordshire Minerals and Waste Local Plan Core Strategy you are making a representation about

Part or policy no. or paragraph

Policy M3

### 2(b) Do you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is: (tick as appropriate)

- (i) Legally compliant?       Yes                        No
- (ii) Sound?                       Yes                        No

If you have answered **No** to question 2(b)(ii), please continue to question 2(c). In all other cases, please go to question 2(d).

### 2(c) Do you consider the Oxfordshire Minerals and Waste Core Strategy is **unsound because it is not**: (tick as appropriate)

- (i) Positively prepared
- (ii) Justified
- (iii) Effective
- (iv) Consistent with national policy

On the following pages, please set out why you think the Minerals and Waste Local Plan Core Strategy is legally non-compliant and/or unsound and any changes you are suggesting should be made to it that would make it legally compliant or sound.

**Please note** your representation should include as succinctly as possible all the information and evidence necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations based on your representation at this stage. After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

**2(d) Please give details of why you consider the Oxfordshire Minerals and Waste Local Plan Core Strategy is not legally compliant or is unsound. Please be as precise as possible.**

**If you agree that the Oxfordshire Minerals and Waste Local Plan Core Strategy is legally compliant and/or sound and wish to support this, please also use this box to set out your comments.**

The attached report (Landscape and Visual Assessment of the Potential Effects of Mineral Extraction at Site SG-08 on Goose Eye Farm, Eynsham, West Oxfordshire) sets out reasons why my client considers that the Lower Evenlode Valley area should not be included in Policy M3 of the Minerals and Waste Local Plan: Part 1 – Core Strategy as a principal area for sharp sand and gravel extraction and potential sites for mineral working within this area should not subsequently be considered for allocation in Part 2 – the Site Allocations Document.

Continue on a separate sheet or expand the box if necessary

**2(e) Please set out the changes(s) you consider necessary to make the Oxfordshire Minerals and Waste Local Plan Core Strategy legally compliant or sound, having regard to the reason you have identified at 2(c) above where this relates to soundness. You should say why this change will make the Core Strategy legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**
